

Designer Info

I started designing because I got tired of redesigning 6 to 7 inch bracelet patterns, making them longer and sometimes twice as wide as the original pattern.

My patterns are generally between 7 to 8 inches long & 1.5 to 2.25 inches wide. Of course you can make my patterns shorter, thinner, longer or wider because they are usually repeat patterns or use size 15s to create a smaller bracelet with a much more intricate design.

I hope you find my patterns interesting and stimulating, as I love to dabble in geometric, abstract, repeat patterns and tessellations. You will have conversational pieces of art when you wear my designs.

I don't suggest any dyed or galvanized beads in the palettes because they fade and the color rubs off with time. I also don't recommend using satin beads because they tend to cut thread and because they are thinner than other Delica beads, they break easily. It would be a shame to put money, time and effort into your piece only to have the color change, the thread cut or the beads break.

I want your beadwork to last forever.

Later and Love,

Lesha McPhearson aka Beadholden

Introduction

Size in inches: 2.2 x 8 or desired dimensions, using size 11 Miyuki Delicas 6 colors. The loom design may also be stitched using either the square stitch or the flat herringbone (Ndebele) stitch.

Patterns can be used to make: cuff bracelet, earrings, pendant, choker, sun catcher, panel, wall hanging, appliqué, coaster, place mat, belt, guitar strap, hatband, bookmark, pouch, amulet bag, eye glass case, cosmetic bag, change purse, business card case, credit card holder, checkbook cover, key chain, fan pull, napkin rings, etc. by reducing or enlarging the pattern accordingly.

The colors are only suggestions, but please remember to avoid satin, dyed and galvanized beads, so you won't be disappointed later. The P, R or PR after the Delica's Mfg Code represents whether the bead (P)ops or comes forward or (R)ecedes. PR indicates that the bead can pop or recede depending on the type of bead finish it is next to. Keep this in mind if you change my suggested colors.

Enjoy and come back soon.

**Bead as if you were to die tomorrow.
Live as if you were to bead forever.**

While you are there, be sure to get my free patterns and free delica "Safe Bead" list that I have compiled. All these beads are durable - they will not break easily, fade, rub off or cut the thread. I also let you know the finish of each bead and whether it pops or recedes in designs.
