

HOW TO MAKE A TRIANGLE WEAVE CIRCLE

Free Triangle weave instructions from jayceepatterns.com

Bead layout diagram

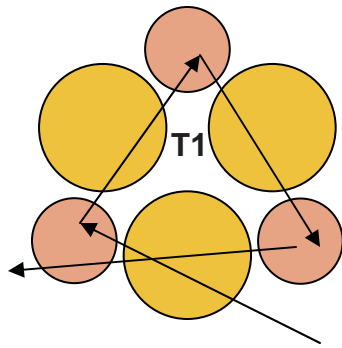

Many of my crystal jewellery patterns use Triangle weave, so I have provided these easy instructions to show you how to make a Triangle weave circle. Each triangle of beads is marked with a T, for example T1, T2 etc. You can use almost any beads with Triangle weave and different beads will have a different effect. The beads used in this example are 3 **OR** 4mm pearls and size 15/o seed beads.

I have divided the pattern into steps and the code for the instructions is as follows:

T1 - **Triangle 1**
 GP - **Gold pearls**
 15/o seed beads - **seeds**

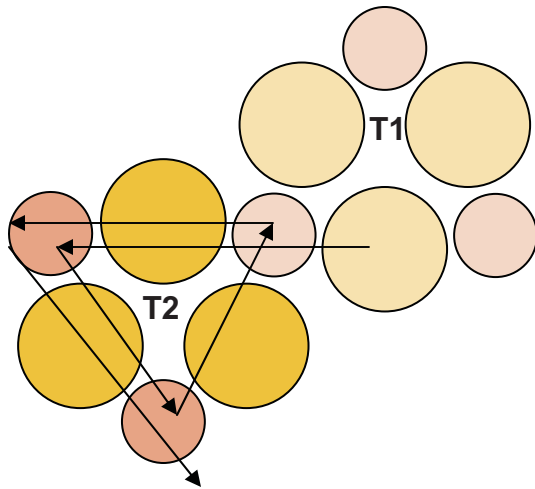

Refer to the diagrams in Steps 1 - 6 while you are following the written instructions

The light shaded areas in the diagrams show beadwork that has already been stitched. The darker shaded areas show beadwork that still has to be stitched.

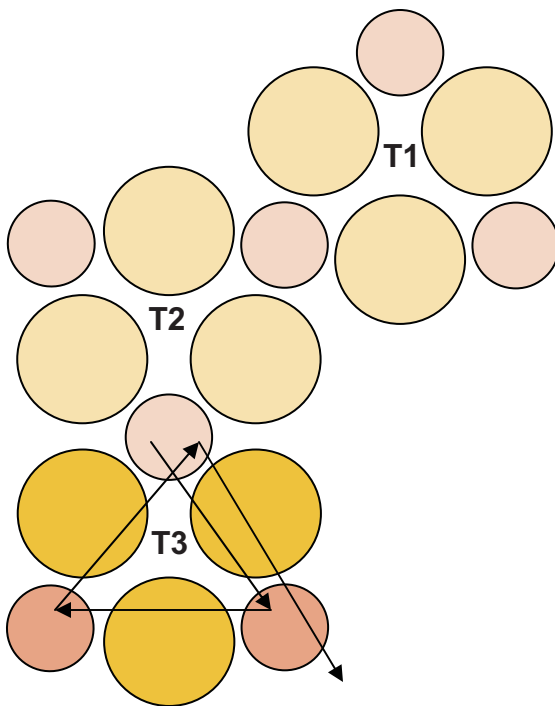

Step 1

Leave a 6" tail and pick up 1 GP, 1 seed, 1 GP, 1 seed, 1 GP. Go into the 1st GP again and the next seed. You have made the 1st triangle (T1)

Step 2

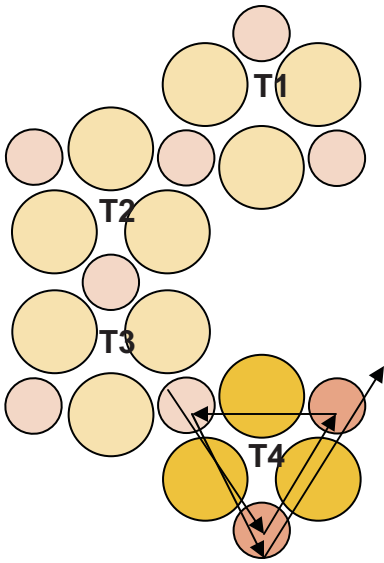

Pick up GP, 1 seed, 1 GP, 1 seed, 1 GP. Go around (to the right) and into the seed between the 2 GP's of T1. You have made another triangle (T2). Go forward through the next GP and seed of T2. Go down through the next GP and seed of T2

Step 3

Pick up 1 GP, 1 seed, 1 GP, 1 seed, 1 GP. Go around (to the left) and into the seed between the 2 GP's of T2. You have made T3. Go down into the next GP and seed of T3

How to make a Triangle weave circle

Step 4

Pick up 1 GP, 1 seed, 1 GP, 1 seed, 1 GP.

Go around and through the seed between the 2 GP's of T3.

You have made T4. Go down through the next GP and seed of T4, and up through the next GP and seed of T4

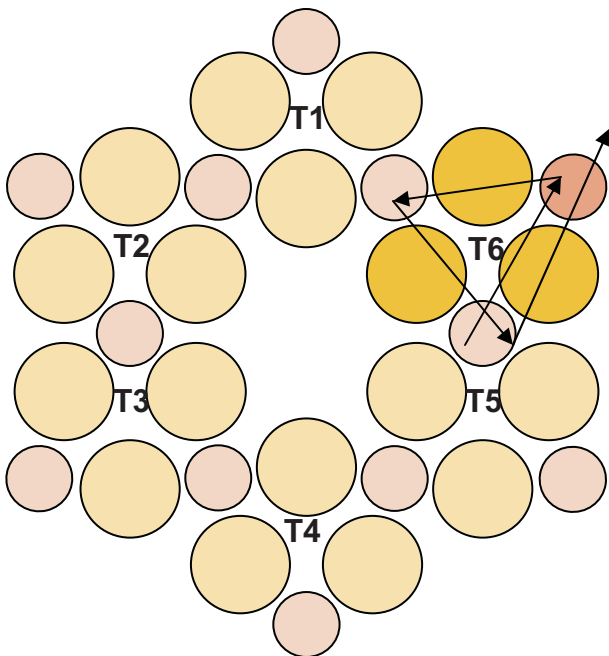

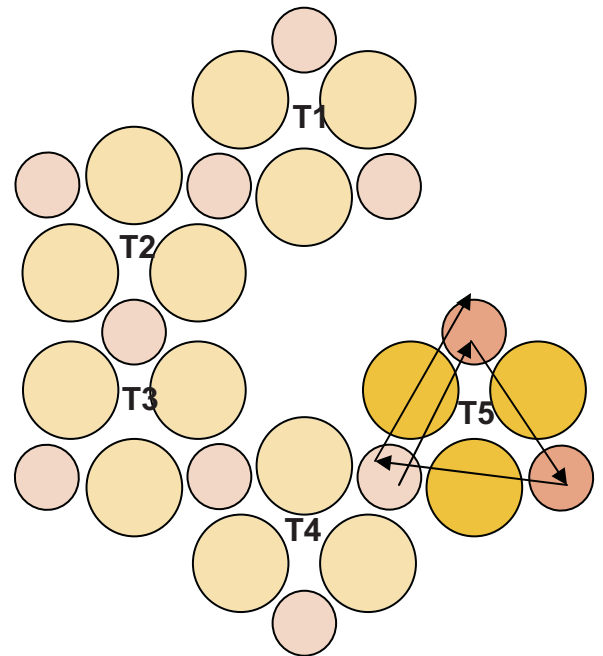

Step 5

Pick up 1 Gp, 1 seed, 1 GP, 1 seed, 1 GP,

Go around and through the seed between the 2 GP's of T4.

You have made T5.

Go up through the next GP and seed of T5

Step 6

Pick up 1 GP, 1 seed, 1 GP.

Go through the seed between the 2 GP's of T1.

Pick up 1 GP and go down into the seed between the 2 GP's of T5.

You have made T6 and completed the circle. Go up through the next GP and seed of T6.
